

## **ATTENTION CARD & GAME PLAYING MEMBERS**

One of the many benefits of being a Member of a private club is being able to invite your guests to join you. Card and game player guests are limited to enjoying your club as a guest for a maximum of 12 times per year. You, as the Member, are responsible for signing in your guests and following the guest policy. The Club believes that signing your guest in on the honor system is the best policy as we all have the best interest of your Club in mind. If your guest is interested in enjoying the same privileges at the Club that you do, please allow our membership team the privilege of extending an invitation to membership on your behalf.

*Thank you for signing in your guest today in our guest book!*
